

The Relay Race Liu Sze Tung, Rose

On Friday Sports Day, Tony and his classmates ran in a relay race. They went to Sha Tin Sports Ground because they joined 4x100 relay race. They wanted to win the gold medals. They felt nervous but excited that day.

During the race, Tony was the last runner. He was the fastest first. However, Tony tripped on the track and fell over suddenly so Tony's team came last. Tony was ashamed of himself. Kelvin was disappointed but he did not speak anything. But Dan shouted at Tony because their team came last. Jacky comforted Tony and said to them, 'We should get on swimmingly.'

At last, Dan didn't get angry with Tony and he said, 'We should practise more so that we can win the race next time.'
