Q1 My birthday was <sup>on</sup> one the ninth of June.

It was <sup>a</sup> sunny day. I held a birthday party at my home. I invited Miss Wong and my cousin to come <sup>to</sup> my birthday party.

Q2 (At the party, we ate the birthday cake) ice-cream, pizza and we drank some juice too. The food was very yummy! Second, my sister and I rode bicycle and played ball game. I felt very happy because I can play and eat!

Q3 (At last, my friend gave me (89) words the toys, books and a school bag) I was very excited.
