13th June, 2019

(date)

mostly Sunny

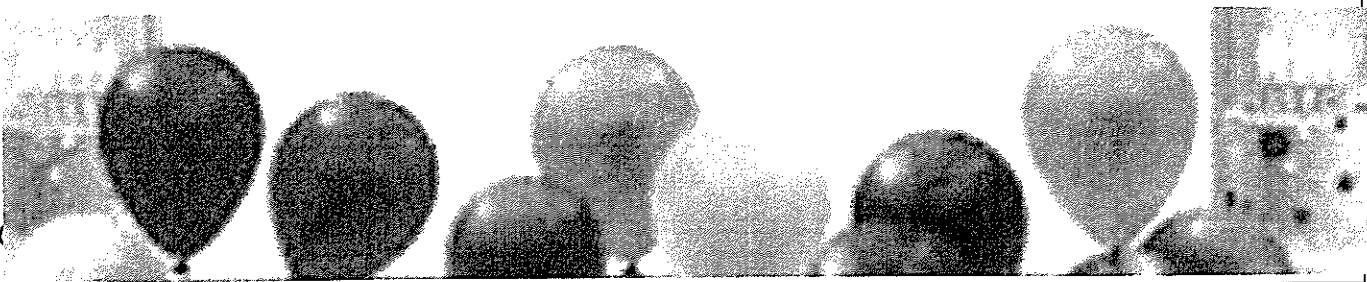

(weather)

My birthday was on the thirteenth of June in 2018. I ~~spent~~

the day with my family, I played computer games so I was excited. I ate some birthday cake and some french fries so I was happy. I got a toy car, Lego and a yo-yo, I felt excited because it was a memorable birthday.

You can talk about where you spent your birthday and how you felt when you got the gift.
