Dear Yoyo,

Let me tell you about the jobs of my family members. My father is a doctor. He puts out fires and saves people. He works in a fire station. He goes to work by bus. He is strong and fit. He can play football with me. I like my father because he is brave and friendly.

My mother is a nurse. She takes care of sick people. She works in a clinic. She goes to work by train. She is short and thin. She can play the piano and paint pictures. I like my mother because she is beautiful and caring.

Write soon.

Yours,

Kevin
