

The Fat Little Mouse

Marco was fat and unhealthy. Marco ate a lot of junk food and drank a lot of soft drinks. Marco ran once a month.

Marco's mum was disappointed. You ought to play fewer phone games.

One day, Marco was on his way to the garden when he met a cat. The cat chased after him. He was scared, he tried to run fast but he failed.

At the end, he ran into a hole. A few hours later, mum found him in the hole and took him home. Marco promised his mother that he will do more exercise to keep fit and eat healthy food to stay healthy.
