### Improving Myself

My name is Jacky. I am in class 4C.  
I want to improve myself because I want to be a better day.

I didn't do well in English and Chinese.  
I didn't do well because I was lazy. I am going to read more English books every day. Then I will be good at English.

I was too lazy to study. I was lazy because I loved playing so much. I am going to do revision every day. I will be not lazy.

I believe I can improve because I will be hand-working in the future.

Lovely!
