

E-age

I am a 5A student from Po Leung Kuk Dr. Jimmy Wong Chiho (Tin Sum Valley) Primary School.

In 5A, we sometimes use the mobile phone to chat with others. We also chat in whatsapp, wechat, and line. I never use computer to send e-mails, write online diary entries or chat online but I often send e-cards. I always write Christmas card in Christmas, it will make you happy!

In face book, my classmates always talk about their homework, hobbies and the "news" in our class.

These are all the ways of my classmates to communicate.

In school

At home
