

An unlucky picnic

Hi Liz,

You won't believe what happened to me yesterday.

Yesterday was sunny so my parents took me to Shing Mun Country Park for a picnic. Before the picnic, we prepared some sandwiches, two bottles of water and some apples. When we arrived the country park, we spread a picnic cloth under a tree. Mum took out some delicious food and drinks and arranged them nicely on the cloth.

When we were enjoying the picnic happily, a hungry monkey came towards us and grabbed our apples! My mother and I were terrified.

We did not know how we could do! My father was brave. He tried to chase the monkey away, but the monkey was not afraid and did not go away!

At last, some visitors helped us to call the police. Then, we grabbed our things and left the country park immediately. It was an unforgettable experience!
